

Travon and I want to thank everyone who helped make the mum fundraiser such a success. We want to thank the kids and parents who volunteered today to unload, sort and distribute all those mums. Even the Zentek driver complimented everyone w/ it being the fastest he has ever unloaded the order. Thank you also to everyone for coming and getting your mums so quickly. Travon and I were very thankful everyone of the mums were gone by the end of band practice.

We will be looking into possibly changing the form to allow for color selection next year. We have to first check w/ Zentek to see if they would allow us, w/ such a big order, to request a certain number of each color i.e 100 red/burgundy, 100 white, 100 orange up to maybe 5 colors etc. If allowed, we would need several volunteers to help fill each order w/ the colors selected. This would allow for those who can not get to the school until later because of work/other commitments to be able to have a variety of colors and not just the yellow mums. Will keep you posted.

Our next fundraising opportunity to earn \$ toward the student account will be Joe Corbi's pizzas/Jr pizzas beginning Sept 27th and running til Oct 18th and of course our biggest BPA fundraiser Music In Motion is fast approaching on Oct 15th-- Please make sure you contact Jackie Sima to help/volunteer especially since we will be at a different location--Falcon Field in Meriden. We will need everyone's help w/ this in order to make it too a big success.

Thank you again,

Travon Zomback and Karen Andes
